The raised causeway will be modeled after the current Menemsha drive-on dock. The existing buried utilities running underneath the current Town parking lot will be removed. The new utility lines will run under the new filled road sections and through conduit located within the pre-cast concrete deck of the raised causeway. The work is proposed for the property located off Squibnocket Road and Squibnocket Farm Road; Assessors Map 35 Lots 1-30, 17.3, 17.4, 21, 22, 23.

The application and plans are on file with the Conservation Commission, and may be examined during normal business hours (9-4:30) at the Town Offices. To discuss the application or plans, please call Daniel Padien at 617-607-2985 or Chuck Hodgkinson, Conservation Agent at 508-645-2114.
