Mr. Harry Pratt - [HIPratt@nichols-pratt.com](mailto:HIPratt@nichols-pratt.com)

Mr. Weldon,

As you may be aware, the Town of Chilmark has appointed a committee to examine three issues involving Squibnocket. These issues are access to the Squibnocket Farm area for vehicles and utilities, the provision of a beach for the town and parking for the town in using the beach. The Committee has been charged with recommending to the Town and the Board of Selectmen a solution to these issues.

As part of a presentation to the Committee it was stated that you might be interested in dealing with the town as part of a potential solution.

The Committee would like to open a dialogue with you or your agents regarding the properties that you own along either side of Squibnocket Road. Please let me know how best to open communication.

I appreciate your response.

The Town Committee on Squibnocket

James Malkin  
Chairman
